The Global Polio Eradication Initiative is a public-private partnership led by national governments with five core partners – the World Health Organization (WHO), Rotary International, the U.S. Centers for Disease Control and Prevention (CDC), the United Nations Children’s Fund (UNICEF), and the Bill and Melinda Gates Foundation. Its goal is to eradicate polio worldwide. There are 200 countries involved, 20 million volunteers, more than 2.5 billion children vaccinated, and \$14 billion international investment in this effort.

Rotary's Areas of Focus

Peace and Conflict Prevention/Resolution

Conflict and violence displace millions of people each year. Half of those killed in conflict are children and 90 percent are civilians.

100 peace fellowships are offered each year at Rotary Peace Centers around the world.

65 million people are currently displaced by armed conflict or persecution.

\$142 million has been raised by Rotary to support peace.

1,000+ students have graduated from Rotary's Peace Centers program.

Disease Prevention and Treatment

Our health is everything. Yet 400 million people in the world can't afford or don't have access to basic health care. Disease results in misery, pain and poverty for millions of people worldwide.

\$64 million was given in grants last year by Rotary to fight disease.

99.9 percent reduction in polio cases since our program started in 1985.

Water and Sanitation

Clean water, sanitation, and hygiene education are basic necessities for a healthy environment and a productive life.

\$24 is all it takes to provide one person with safe water.

110 schools in Ghana have better sanitation and hygiene due to Rotary-USAID partnership.

2030 is the year Rotary hopes to finish providing everyone with safe water, sanitation and hygiene.

Maternal and Child Health

Rotary makes high quality health care available to vulnerable mothers and children so they can live longer and grow stronger. An estimated 5.9 million children under the age of 5 die each year because of malnutrition, inadequate health care and sanitation.

Rotary's Areas of Focus

Basic Education and Literacy

More than 775 million people over the age of 15 are illiterate. That's 17 percent of the world's adult population.

When you teach somebody how to read, they have that for a lifetime. It ripples through the community one by one. -- Rotarian Mark Wilson

Economic and Community Development

Nearly 800 million people live on less than \$1.90 a day.

\$9.2 million – The amount The Rotary Foundation spent to grow local economies and reduce poverty last year.

60% of the hungry people are women and girls.

795 million people – or 1 in 9 people in the world – do not have enough to eat.
